

### **Footbridge across the River Wey at Stanford**

This footbridge joins Tulls Lane to Stanford Green at the ford.

Pic 1 shows access to the bridge from the corner of Tulls Lane (near to the start of FP33).

Pic 2 shows the bridge itself.

Pic 3 shows access from the Stanford Green side.

The ford is used by agricultural vehicles, and by drivers of cars mistakenly following their satnav!

**Note:** This bridge makes for a pleasant, short circular walk with FP33 and the Permissive Path across the Hatch Farm watermeadows.

Pic 1: From Tulls Lane

Pic 2: The ford and footbridge at Standford

Pic 3: From Stanford Green
