

Link Walk A – Guildford to Godalming

Along the River Wey via Broadford Bridge and Farncombe

Distance approximately 5½ miles/8.5km

**The walk starts at Guildford Station and ends at Godalming;
refreshment at Farncombe and Godalming**

Follow Walk 2 to Broadford Bridge (Point 2) – then continue along the towpath down the west side of the River Wey for a further 2½ miles, passing Unstead Lock, Manor Inn (accessible from towpath), Farncombe Boat House, and Catteshall Lock to arrive in Godalming. (Note, this is not marked as a right of way on the Ordnance Survey maps).

The River Wey above Broadford

Once at Town Bridge where the towpath ends, leave the river and cross the bridge – go along Bridge Street then the High Street (largely pedestrianised)

Note: To continue the walk south (see Link Walk B) turn left halfway down the High Street (at the Lloyd's Bank building) and go up Pound Lane.

Just after the 'Pepperpot' building (see photo p.19) turn right and through a gap in a wall – cross the road and take the narrow lane (Mill Lane) opposite, down hill past the *Rose & Crown* and the old mill, then uphill to the station.
