

Link Walk B –Godalming to Milford Stn or Witley Stn

*Distance approximately 3 miles/5km to Milford Station
or 6¾ miles/11km to Witley Station
or 5½ miles/9km to Hambledon for connection to all points south*

**The walk starts at Godalming Station and ends at
either Milford Station or Witley Station**

From the down line entrance of Godalming station (nearest the town) turn right and follow the exit road (Mill Lane) down past the old mill buildings, then uphill past the Rose & Crown – cross a road and go through a gap in the wall to the High Street.

Turn left along the pedestrianised High Street, forking to the right at the ‘Pepperpot’, and halfway along (at the Lloyd’s Bank building) turn right up Pound Lane. Take the left fork, then just before the nursing home entrance take a footpath to the right between walls. Follow the path to a light-controlled crossing of the bypass.

Cross the bypass and turn right along the pavement, then shortly left at railings and up a path. Turn left at the top where it meets a road, then shortly right up Latimer Road. Take a footpath forking to the right which climbs steeply to a recreation ground at the top.

Turn right along a footpath which borders a recreation ground to meet Busbridge Lane. Turn left along this road and follow it over a crossroads and to a T-junction. Carry straight on here along a bridleway which soon descends between walls to lakes (listen for the sounds of wildfowl) where it meets another path coming from the right. This is Point 3 on **Circular Walk 4**.

*For the shortest route to Milford Station, turn right here and follow **Circular Walk 4** in the reverse direction for another 1½ miles. Alternatively carry straight on and follow it in the direction described for 5 miles.*

*For Witley Station and all points south, carry straight on and follow **Circular Walk 4** in the direction described until Point 7, then follow **Link Walk C**.*
